**Important Information**

I understand that the Certificate of Coverage or Summary Plan Description, and other documents, notices and communications regarding the coverage indicated on this application may be transmitted electronically to me and to the Group's employees.

I represent that, to the best of my knowledge, the information I have provided in this application – including information regarding qualified beneficiaries and dependents who have elected continuation under COBRA or state continuation laws – is accurate and truthful. I understand that UnitedHealthcare and Affiliates will rely on the information I provide in determining eligibility for coverage, setting premium rates, and other purposes, and that any misrepresentation or fraudulent statement may result in rescission of the group policy, termination of coverage, increase in premiums retroactive to the policy date, or other consequences as permitted by law.

Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance containing any materially false information or conceals, for the purpose of misleading, information concerning any fact material thereto commits a fraudulent insurance act, which is a crime.

UnitedHealthcare disclosure regarding producer compensation: We pay brokers and agents (referred to collectively as "producers") compensation for their services in connection with the sale of our insured products, in compliance with applicable law. We pay "base commissions" based on factors such as product type, amount of premium, group size and number of employees. These commissions are reflected in the premium rate. In addition, we may pay bonuses pursuant to bonus programs established from time to time which are designed to encourage the introduction of new products and provide incentives to achieve production targets, persistency levels, growth goals or other objectives. Bonuses are not reflected in the premium rate but are paid from our general administrative expenses. In general, our total bonuses are less than 10% of total producer compensation paid. It is our policy not to pay commissions to producers with respect to a product for which the customer is also paying the producer a commission or other fee. Please note we also make payments from time to time to producers for services other than those relating to the sale of policies (for example, compensation for services as a general agent or as a consultant).

Producer compensation is subject to disclosure on Schedule A of the ERISA Form 5500 for customers governed by ERISA. We provide Schedule A reports to our customers. We also have taken steps to ensure that producers properly disclose their compensation arrangements to their customers, but we cannot guarantee the producer's compliance. For general information on our producer payment arrangements, including the approximate percentage of total compensation that total bonus payments comprise, please go to <http://www.uhc.com> and click on the drop down box for employers under "View Our Programs – Producer Payment Programs." For specific information about the compensation payable with respect to your particular policy, please contact your producer.

I (we) agree that this authorization is valid for 30 months from the date of this application. I (we) know that I (we) have the right to ask for and receive a copy of this authorization.

I understand that the Certificate of Coverage or Summary Plan Description and other documents, notices and communications regarding my coverage may be transmitted electronically.

I (we) have not given the agent or any other persons any health information not included on the application. I (we) understand that the HMO/insurance company(ies) is not bound by any statements I (we) have made to any agent or to any other persons, if those statements are not written or printed on the application and any attachments.

## **Your rights and responsibilities**

## Important information

In order to make choices about your coverage and treatment, we believe that it is important for you to understand how your plan operates and how it may affect you. In an ever-changing environment, the information can never be complete, and we urge you to contact us if the information in your Summary Plan Description, Certificate of Coverage or other materials does not answer your questions. Further information is available at [myuhc.com](http://myuhc.com)®.

1. We do not provide medical services or make treatment decisions. We help finance and/or administer the health benefit plan in which you are enrolled. That means:
  - We make decisions about whether the health benefit plan you chose will reimburse you for care that you may receive.
  - We do not decide what care you need or will receive. You and your physician make those decisions.
2. We may enter into arrangements where another entity carries out some of our duties, but those entities must operate consistently with our commitment to your plan.
3. We contract with networks of physicians and other providers. Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.
4. Physicians and other providers in our networks are independent contractors and are not our employees or agents. We do not control nor do

we have a right to control your physician's treatment or plan.

5. We may enter into agreements with your physician or other provider to share in the cost savings that our approach may generate. We encourage providers in our network to disclose the nature of those arrangements to you. If they do not, we encourage you to talk to your physician about these arrangements.
6. We encourage physicians to talk with you about medical care you or your physician think might be valuable.

### Pre-existing conditions

If you or your covered dependents have received medical advice, care or treatment for an injury or sickness before beginning coverage or a waiting period under your health plan that injury or sickness may be considered a pre-existing condition.

Under federal law, a group health plan may look back for a period up to six months prior to the date coverage begins or, if earlier, the date a waiting period begins to determine if a pre-existing condition exists. A group health plan may exclude benefits for pre-existing conditions for up to 12 months (18 months for late entrants) from the above date. Pregnancy is not a pre-existing condition. A pre-existing condition will not apply to a newborn child, adopted child or a child placed for adoption prior to age 18, if the child is enrolled in a plan within 30 days of birth, adoption or placement for adoption. Genetic information is not considered a pre-existing condition unless there is a specific diagnosis related to the information.

Under federal law, a group health plan must reduce a pre-existing condition exclusion period by the same number of days you or your dependents were covered under prior health plans, unless there has been a significant break in coverage. If you or your dependents have a break in coverage of 63 or more days (including a newborn child, adopted child or child placed for adoption), coverage under prior plans will not be used to reduce a pre-existing condition exclusion period. In determining whether there has been a break in coverage of 63 days or more, plans may not include a waiting period you or your dependents may have had to satisfy. To receive credit for coverage under prior health plans (and thereby reduce or eliminate any pre-existing condition exclusion), you must show proof of prior coverage. You have the right to request a Certificate of Prior Creditable coverage from your prior employer or insurer. If necessary, UnitedHealthcare will help you obtain this information.

### Statement of affirmation and authorization to obtain and disclose information in connection with eligibility for medical coverage

I understand that I am completing a joint life and health application and that each response must be complete and accurate.

I (we) request the indicated group medical and/or life coverage for myself and, if the plan provides, for my dependents.

I authorize any required premium contributions to be deducted from earnings.
